Summary: Jessie and Luke lost contact a year after she moved to Hollywood but now she is back in New York after 5 years. All the feelings Luke had for Jessie have returned but will unlucky in love Luke ever get his chance? Rated M content in Chapter 8 and 9. Chapter 8 has been updated. Nine is currently being reworked.

## 1. Chapter 1

### Chapter 1

#### The Chance Encounter

Authors Note: Here it is, the first real chapter. I like reading reviews but it's not what keeps me motivated so review or not, doesn't matter.

Disclaimer: I don't own Jessie. Obviously, I wouldn't be writing this here if I did.

I was in an apartment Jessie all by myself and I was paying my own rent by working at a local pizza place. Of course the pay sucked but it was life. A part of me always wanted to go with Jessie to Hollywood but I also figured it'd be too much to bare, especially now that Jessie was engaged to Tony. Jessie had been engaged before to Brooks before but she had such a history with Tony. They'd been dating for four years and Jessie was thrilled when he proposed.

Of course, I heard this all from Emma since Jessie and I had lost contact about 6 months after she moved to Hollywood. I just couldn't stand her dating Tony and wanted my space but as time went on, it seemed awkward to just suddenly get back into contact with her. Emma suggested I try to friend request her on Facebook but all I could do was stare at her profile picture and cover photo for a couple seconds and then click away. It's been five years since she left. I was seventeen when she left and I felt like such an adult.

I was devastated when she left but I put on a brave face when she said her goodbyes. Jessie did surprise me though when she kissed me on the cheek. "I'll never wash this cheek again". I was overjoyed and started thinking gushy romantic thoughts about her but I didn't want to come off as a creep or even annoy her anymore so I just acted calm and cool after that. Of course I reverted back to my flirty behavior once when my siblings and I had visited her in Hollywood shortly after she left.

I thought I had my chance as Tony would be in New York and Jessie would be in Hollywood but turns out there he was in Hollywood with her and they got back together shortly after. For a year, I wrote Jessie emails and for six months of that year I faked being happy knowing Tony and her were together. The thought of adding Jessie to Facebook had crossed my mind one too many times but the thought of having access to all those Jessie pictures and being able to comment and yet trying not to be creepy, well I just didn't do it. Well, now it would of been even harder because I sure as hell don't like Tony and Jessie together.

While eating dinner, my phone vibrated in my pocket and I pulled it out.

It was a text from Emma:

"Meet me at the park tomorrow after work"

I texted back:

"What for?"

She texted back:

"Just meet me at the park tomorrow after work."

I was annoyed but texted back:

"OK"

I took the subway to work but the park was just across the street from the pizza place so I walked there. When I got there, I could see Emma sitting on a bench looking at her diamond encrusted phone. Some things never change.

I walked up to her with my hands in my pockets and said, "Hello Emma".

She looked up from her phone and smiled.

"Why don't we go to that tree over there?", she asked still with a smile.

"Whatever", I said.

"Good, let's go", she said.

When we got to the tree, I said, "What are we trying to save the trees now or something? Is Ravi here too?"

I know it sounded stupid but this whole thing just seemed strange. I liked the park but to be here alone with Emma was strange. It would have actually been less strange, I believe if Ravi was here too.

"No, he's on a date with some girl named Sherry", she said now looking serious.

"I didn't know Ravi had someone."

Old Luke would of said there was something wrong with her to be dating geeky Luke but in reality I was very much of a geek myself. I did poorly in school for years but now I got straight B's (not A's...). Before Jessie left, she would help me with my homework and I would suddenly have weird teacher fantasies but with Jessie as the teacher spanking me for not behaving. But hey, I was a guy.

"I have a confession to make" Emma said still serious.

I gave her a strange look and said, "Ok, Emma what did you do?"

I couldn't imagine Emma being in trouble but this is what it sounded like. I don't think Emma would break any laws but what was going on here?

"I..."

I was getting kind of angry now and said, "Look, I know I don't have shit to do but can we please just move this along"

"Of course Luke", Emma said.

"I'm in love with you, ok", Emma said blushing.

I laughed and said, "Stop joking around Emma".

"I'm not joking, I've been in love with you for years".

I looked over at her and just said "You're my sister."

I didn't love my stepsister like that and thought it was gross. Sure, she was my stepsister but we grew up together many years in the same house. It wasn't like it was illegal to date her, as there was only a year difference and she was my stepsister unlike it being illegal to have a relationship with Jessie before I was sixteen. Jessie always said her boyfriends had to be eighteen but technically the age of consent was 16 in New York but since she was in Hollywood, that rule then applied.

"Step sister.", Emma said.

I turned around so she couldn't see me rolling my eyes but then I said, "OK look, it's getting late, I wanna get back to the apartment before it's dark ok".

"OK, but Luke?", Emma said still looking nervous.

"Yeah," I said.

"Are you currently dating anyone?", Emma asked.

In college and in high school, I never had a longterm relationship. I had several girlfriends but they just didn't last very long. The longest was 5 months. I got to second base but then she told me she wasn't ready for sex and then a week later broke up with me. My friends did not seem to know I was a virgin and I wasn't ready to advertise it. Ravi even asked me for advice about condoms and it just freaked me out and I just told him to Google it. After each breakup, I was a mess and it was always the same thing, the girl broke up with me.

When I was 18, the reality of the fact that it was legal to be Jessie now but I still couldn't be was devastating. Yet about a year and 6 months later, was when I had started falling hard for the girls but like I said I was a mess after each breakup. The next day, was a Saturday and I had the day off but I couldn't just stay at home because I was running low on food so I went to the local supermarket called Quackers. It was near the apartment and had relatively cheap prices. I do wish I had kept better tabs on my food supply and just logged into Amazon Pantry and ordered food. I wanted to just stay home and play video games.

"Luke?" a familiar voice said as I grabbed a couple of those fancy greek yogurts and put them in the cart.

I looked up and saw her. She was as beautiful as ever. She was wearing a baseball t-shirt, some skinny jeans, some sneakers, some hoop earrings but was not wearing any makeup.

"Hey Jessie. I didn't know you were back in town.", I said.

"Yeah, the new movie I'm working on is a romantic movie set in New York. The director wanted to be authentic and actually shoot here so here I am." Jessie said.

"Where's the paparazzi?", I said with a smile.

"LOL, I sneaked out, that's why I don't have makeup on", Jessie said with a smile.

I spent so much time trying to move on in six months and trying to have relationships and yet here I was thinking she was beautiful. I wanted to tell her she was beautiful but I didn't want to be creepy.

"It also helps when the main guy in charge is Bertram."

I laugh.

## 2. Chapter 2

### Chapter 2

#### Thinking

The second chapter has arrived.

Disclaimer: I don't own Jessie.

The next morning, I tried to go about my day normally, which included going to my pizza place job even though I was so happy Jessie was back in town all I wanted to do was dance and yet I couldn't believe yesterday happened and I couldn't believe Emma was in love with me? Where did that come from? I thought back to the fact that she asked me if I was dating anybody and I said no. In the old times when my relationships would end, she would say that I let relationships fail on purpose because of how much I had a crush on Jessie. In those days, it felt like the real thing and that it would last forever but I was so young.

In reality, people the same age that date young don't even stay together so what chance did I have with this older women and who was my nanny to boot. Even though I was an adult, I think Jessie would always view as one of my kids and yet at this very moment I was thinking way too much about her and wishing she wouldn't. It was a shit day at work (Charles Cheddars). For the first hour, it was ok but then some of the customers got very rude because I couldn't hear what they wanted to order and asked them to speak up. It's not my fault the place is full of screaming kids, loud kiddie music, weird singing robots and the sounds of arcade games that were mostly lame.

As a kid, I loved Charles Cheddars but being here all day made me hate the place. On the way home, I saw a couple making over by a tree at the park but it's not like that was a strange occurrence as I had seen that many times before. In school, some girl tried to make out with Ravi. Again, Ravi was getting more action then me. Zuri had been dating Stuart for the past year but all I know is that they went to the movies and did things they used to do before like playing board games but with kissing.

In two days, they were filming Jessie's movie at that the park and I really wanted to go but it was during work hours. I hadn't asked for time off in a long time since I needed the money. While, it was true my parents were rich, I wanted to be independent. Well, that wasn't entirely the truth, because I made a bet with Zuri when I was 18, I couldn't go a month without asking my parents for money.

"Well, you were absolutely right Luke, you can go without asking your parents for money. Here's \$50", Zuri said with an unhappy look.

"It's ok, keep the money", I said.

"What?", Zuri said raising an eyebrow.

"I said keep it."

"Well, whatever Luke", Zuri said.

I still got fancy and expensive sneakers on birthdays, christmas but I certainly didn't buy this shit with my pizza money. Ravi was living in an apartment across the hall but our work schedules were different and he spent a lot of time with his girlfriend Gloria. Emma was a different story. She was still living at home, despite having a job of her own. Her parents still gave her an allowance at 23. It was strange to many but I think my mom and dad were actually happy to have her there. Despite being spoiled, she certainly didn't cause trouble.

After dinner, my phone vibrated again and I pulled it out of my pocket to read a text yet again from Emma.

This time it said, "I'm finally moving out of our parent's house".

I didn't know what to text so I just wrote "Cool".

As I took a shower, I reflected again on the events of the past two days including running into Jessie, how much work sucked and Emma being in love with me. When I got out of the shower, this time with wet hair, my phone once again vibrated. My phone vibrated for texts and rang for calls. The latter was less common.

No surprise that it was Emma. This time it said, "Jessie is back in New York and she broke off her engagement to Tony".

I already knew Jessie was back in New York but I suddenly remembered I never mentioned it to Emma but I didn't know Jessie broke off her engagement to Tony. I stared at the phone with a towel wrapped around me, wondering what I should type. I was happy to know that Jessie broke up with Tony and yet at the same time, I wondered why because they seemed so happy together. It's not like this was suddenly going to be an opportunity to date Jessie right. I didn't want to be somebody's rebound.

After showering I watched TV for an hour and then read a comic book and turned off the lights. In what seemed like no time at all, I started to dream. I was sitting down in a romantic restaurant called Roses. This restaurant wasn't close to my apartment. In fact, it was closer to my house.

In other words, it was 10 blocks away. I knew this was a dream. I had a total recollection of going to bed.

"Jessie?" I asked staring back at the gorgeous redhead.

"Yes Luke my love" she said.

These were words I always wanted to hear but at the same time, I couldn't believe I was hearing.

"You look so beautiful", I said.

I figured I could say this. This was a dream after all.

"Thank you and you look so handsome, Luke".

Man, was I on cloud nine hearing these words.

Jessie looked down at the menu and I looked down at the table to see a second menu I knew wasn't there when this dream started but there was something really strange about the menu. It looked like Arabic or something. It sure as hell wasn't English. I couldn't understand a word but there were pictures. Since this was a dream, I just scanned the pictures and tried not to worry about it but it was freaking me out. This was Roses.

Roses had mostly Italian food. I scanned the menu for a few more moments and then decided I would order the steak. I put the menu down

and saw Jessie was twirling her hair and still looking at the menu. Suddenly, a waitress approached our table. She had a name tag with the name Sarah on it.

"Are you ready to order food or just drinks?", Sarah said.

"I am ready for both, are you babe?", I said looking at Jessie.

Jessie put the menu down and looked over at Sarah and said, "I'll take the five cheese Ziti and a Coke."

The waitress pulled a pad of paper and pen out of her front pocket and once again wrote words that didn't look like Italian or English and then said, "Excellent choice. Would you like a soup or salad with that?".

"I'll take the salad with Italian dressing please", Jessie said.

"OK", she said as she once again wrote foreign words on the pad of paper.

"And for you mister" she said as she looked up at me.

I replied, "I'll take the steak with mashed potatoes with Root Beer."

"Excellent choice", she said as she scribbled the words down again in that damn foreign lettering.

After what seemed, like forever the waitress brought us our drinks and food on a moving tray and set each down in the appropriate spot and added, "Would you like anything else?"

"No, I'm good", I said.

"I'm good too", Jessie said.

We ate in silence and Jessie had to have three more refills while I only had the one. Since this was a dream, I couldn't taste the food at all but put it in my mouth and pretended like it wasn't. After the meal, I took Jessie home in a cab. Just when I thought she was going to go inside, she moved closer to me. I was pretty excited.

I didn't even care this wasn't real. Naturally, I moved in for the kiss but then the dream faded to black.

I then opened my eyes and uttered the word, "Dammit."

The next night, I have a dream again. This time I'm back in my old house where Jessie used to be a nanny for me and my siblings. I look around and then hear the sound of high heels coming down the stairs.

I look up to see it is my mother and she looks over at me and tells me "Luke, go make your bed."

I always used to wait until Jessie told me to go to bed at night to make my bed but I just simply said, "OK."

I walk up the stairs and open the door to my room.

When I open the door I see a naked Jessie on my bed who tells me she wants to fuck me.

I just stand there with my mouth open. This time it feels real. This time it didn't register as a dream until after I woke up. I've never seen Jessie naked. I've never seen any women naked besides on the internet and old magazines. My ex-girlfriend Sophia did let me get to second base but it was in a dark room and I could not see anything.

### 3. Chapter 3

#### Chapter 3

##### The Park

Yesterday (after the Jessie dream with her clothes on):

I woke up and reached for the phone to call the pizza place.

After three rings, my boss answered, "Hello".

"I would like to request time off work tomorrow. Is that ok?"

"Alright, you haven't taken a single day off so I don't see why not", the boss answered.

"Thanks", I said happily.

"Alright, I'll see you today still though, right?", the boss asked.

"Of course", I said.

Well, that was easy. My boss was a bald man of maybe 60. He had never yelled at me once. His name was Robert. It was the rude customers and their kids who I couldn't stand and all the loudness. There was this same group of kids recently who would bring like 5 tokens and demand they get one of the big prizes you could only win with 1,000 tokens or by paying a high price.

"I'm sorry, you don't have enough tokens but if you can pay what is on the price tag, you can just buy it".

"Are you crazy old man? My mom won't spend \$100-\$500 on me for those prizes.", a kid with pimples said.

"Old man? I'm in my 20's.", I said.

As I said that, it made me think back to when Emma used to call Jessie old. I wouldn't dare ever tell Jessie she was old. I one again was reminded I am the same age Jessie was when she left. Oh, how time flies.

"Yeah 1920s", the same kid said then walked away away his group of

other friends which consisted of three boys and two girls. (Authors Note: OMG, I heard this somewhere... if anybody can tell me where, that'd be great...)

Present Day:

When I woke up seconds after Jessie appeared naked on my bed. I woke up to pour myself a bowl of Raisin Brand. Raisin Brand was the kind of cereal I didn't like a kid. However, I liked it a lot now as an adult. However, what did being an adult mean?

To me, being an adult meant sometimes having to fake it. When I was a kid, I thought being an adult would be easier then being a kid and that I'd have more answers in life but I was as clueless as ever about friendships, people and romances. Sure, I knew you had responsibilities and even more so if you were married with children but know I was fully grasping what others around me were accomplishing that I was not. I checked my email, which was mostly compromised of coupons I had signed up for eating and grocery shopping.

As a kid, coupons were unthinkable but now they were a big part of my reality. After I checked my email, I logged into my Facebook. I hadn't updated my status in a month and had no intention of doing so right now but I scrolled down my newsfeed and saw annoying pictures of food, several baby photos and sharing of links. By now I learned most of my friends from high school were married with kids. It made me jealous sometimes.

Other times, I liked being a bachelor. Now that Jessie was back in the city, I just desperately wanted to be with her though. I still knew I had to keep it cool since she had recently broken up her engagement to Tony. Yet why? Wasn't she the one that called it off but why.

I wanted to ask her today but I decided it be best not too. Next I went to the trending section and clicked on an article about Kid Fury. Kid Fury was a video gamer who looked a lot like me. The article was about him recently winning a game contest in Japan. It was fun to read about him.

After breakfast, I got ready and walked across the street to the park. I could see Jessie standing on a bench looking at her phone.

I walked up to her and said "Hi Jessie".

"Hi Luke", she said as she put her phone in her pocket.

She then continued to say, "Hey Luke, the others should be here soon. You can sit down in one of those chairs if you'd like or just wait till the director tells you too."

I knew the others meant Zuri, Stuart, Ravi, Gloria, Emma and Bertram and possibly one of Emma's friends.

"I don't mind sitting here with you until the director tells me to sit down over there", I said as I sat down.

"Ah Luke, some things never change. You always want to stay with me", Jessie said with a smile.

My heart skipped a beat.

"So what's the first scene about?", Luke said.

"The first several scenes are about me walking through the park, being robbed and then since it's the same location we're skipping to the scene where I have to kiss some actor named Greg", Jessie said.

I didn't know of any actor named Greg but that didn't matter. I didn't like this fact but I managed to fake a smile and play it cool and say, "Thats cool".

"So I hear your still taking college classes. Do you have a graduation date in mind?", Jessie said.

"Not really." I said.

"Oh. Ravi said you were a physics major. You must be pretty smart. I hope you're still staying caught up on your school work". Jessie said.

I felt like she was my nanny again after she said that.

"Yes, Jessie, I am". I said with a smile.

I thought back to the day when Jessie left and she kissed me on the cheek. Again, I couldn't help but wonder why she did that. It was nice to be able to catch up with her but it still felt awkward.

In my mind it went more like this:

"I'm glad you're being mature about this. Emma said you'd be upset when I told her I had to kiss some guy for the movie", Jessie said.

"Oh Jessie, you know, you can't just kiss a guy on a cheek and leave it at that", I joked.

"But seriously, it's fine.", Luke said.

"Yeah, it's not you're still in love with me", Jessie said.

"Look Jessie, I don't know who told you that but I am still in love with you", I said dead serious looking into her beautiful eyes.

Jessie looked surprised and had her mouth open for a moment and then proceeded to say, "Oh, but wait what about Sophia and I haven't seen you in 5 years".

"We broke up", I said with the same tone.

"It's true, I've tried to have relationships but I still think of you.", I said.

"Luke, I feel the same way.", Jessie said.

Back to reality:

I didn't know what to say next so I looked around and then saw Emma walking up to us with her friend Rachel. A few months after Jessie left, Emma brought over her college roommate Rachel who I was instantly attracted to. I thought maybe this could fill the Jessie void. I was wrong. I asked her out a couple days later and she shot me down and told me we should just be friends but we never really did become friends and instead she just wanted to spend time with Emma. Rachel had red hair just like Jessie but I thought Jessie was prettier.

"Hey guys", Emma said with a smile.

"Hey Jessie and Luke", Rachel said.

"Hey", Jessie and I said.

Suddenly a guy with a green coat and a camera walked up to us and said, "I'm going to have to ask you to sit in one of those chairs over there if you plan to stay".

"Sure", I said.

I looked over at Jessie and said, "OK, then I'll be over there".

"Oh please", I heard Zuri scream as I sat in my chair so I turned around.

I saw that her and Stuart were walking together and still talking but I couldn't make out the rest of the words. I also saw that Bertram, Ravi and Gloria were just walking silently behind them. For a moment, I then looked back at Jessie as she was talking to the director. For now, it's just a fantasy but someday I sure hope my fantasy becomes a reality. Age is just a number and I'm an adult now. I hope to win Jessie's heart. A few moments later Emma sat by me on the left followed by Bertram and Ravi on the right, followed by Gloria and Zuri while Stuart chose to sit behind me.

#### 4. Chapter 4

##### Chapter 4

##### The Movie

The director yelled action and Jessie walked through the park. There were various extras in the background. The next scene was when Jessie was robbed and some guys took her money. The last scene, I was really dreading but I watched as some guy (Greg) who looked like Tony walked over to Jessie and they kissed.

Jessie had a look of worry on her face after the kiss, "We can't do this. This isn't right".

"What are you talking about?", Greg asked.

"You have a wife waiting for you", Jessie said.

"My wife doesn't understand me", Greg says.

"That's what they all say", Jessie said.

"Mallory, I'm going to ask her for a divorce just for you", Greg says with a smile.

"I need to go", Jessie said.

Greg grabs Jessie.

"You're not going anywhere".

"If you do what I say, I won't hurt you otherwise you will suffer the consequences", Greg said with a smirk.

"You're lucky it's light outside, one wrong move and I will slap you. You will come and kiss me now.", Greg said.

Jessie started to cry. Geez, she was a good actress.

"Michael please don't be like this", Jessie said.

"Listen babe, I love you.", Greg said.

Geez, this character was a slime ball and he just had to call her babe. Babe is what I always used to call Jessie. and boy did I miss calling her that.

Suddenly a women with red high heels that had been at a nearby bench, approached them.

"You too look like a lovely couple. Would you mind if I snapped some photos for my magazine". she said.

"Sure why not?" Michael said happily.

"Sure", Jessie said with nervousness in her voice.

"Excellent. My name is Melissa.", the women said.

"Now smile for the camera and say cheese", the women said as she took out a digital camera and snapped the photo.

"Thank you so much", Melissa said, "I can send you a copy of the photo to your email if you want".

"Sure", Michael said.

"Sure", Jessie said again with nervousness.

"Have a good day", the women said walking away.

"Alright babe, it's time to go to the bank." Greg said.

"Wait, that lady never asked us for our email", Jessie said.

"Never mind that we're going to the bank." Greg said.

"The Bank?", Jessie asked.

"Just shut your mouth." Greg said.

Jessie walked with Greg a few feet and then the director yelled, "Cut".

"Time to move to the parking lot", the director said.

The next scene was in the parking lot and this time the audience was standing on the grass nearby.

Just as Greg got to his car, Jessie kicked him and took off and threw her high heels at him and ran away.

"Come back here bitch.", Greg yelled.

Jessie ran really fast and all the way to the hotdog cart at the other end of the park. Greg looked as if he was jogging, he was running so slow. I guess it was in the script. Greg stopped for a minute, and reached for a phone in his pocket.

"Hey Stephen, we're going to have to take the bitch out. Can you come out here and help?", Michael said.

"Mallory is alright, but her boobs are far too small. I like to date girls with larger ones.", Stephen said on the other end.

"I don't mean like that", Michael said angrily.

"I know alright, but seriously couldn't you just have taken the bitch to the bank first", Stephen said.

"I was going to." Michael said.

"You were really nice to her right? Pretended like you were in love with her and shit, right?", Stephen asked.

"Of course." Michael lied.

"So what's the problem?", Stephen said.

"The problem is that she ran away." Michael said.

"I'll bet you told her something then. Otherwise, why would she ran away. She said you were the best boyfriend she's ever had. She said she thought you were the one.", Stephen said.

"I didn't tell her shit ok", Michael once again lied.

"Whatever, I guess I have to do everything, I'll be there in 20", Stephen said.

"Just drive faster." Michael said.

"I'll get there when I get there. Shut the fuck up." Stephen said then hung up.

"She'll be miles away by then", Michael said.

The director yelled "Cut" again.

"Good job guys.", the director said.

"You were really great", Greg said.

"Thanks", Jessie said.

"Wow, that Michael guy is a real asshole", Zuri said.

Zuri then turned to Stuart and said, "I don't want to fight anymore. I was wrong."

"No, babe, I was wrong.", Stuart said.

"What's going on with Stuart and Zuri", I whispered to Emma.

"Stuart was talking about he was going to marry her after high school and Zuri said he was nuts.", Emma said.

"That's it?" I asked with a raised eyebrow.

"No, Zuri also said you could never love me forever like that. You're going to get tired of me. We're both too young.", Emma said.

"Then what would Stuart be wrong about?", Luke asked.

"I guess maybe he thought she had a valid point", Emma said.

Zuri gave Stuart a kiss on the cheek and then said, "Let's go to one of those fancy restaurants. This time I'll pay".

"Oh no babe, I insist it's on me", Stuart said.

"No babe, I insist it's on me", Zuri said.

"Do you want to go now?" Stuart asked.

"At 4:00pm, I thought you'd never ask. Let's go." Zuri said.

As Zuri turned around, Emma sat back down in one of the chairs and started to look at her phone. She walked up to me first and said "bye" then said "bye" to the others. After she said "bye" to me I walked up to Jessie.

"You were great", I said.

"Thanks", Jessie said.

"Oh, who's this?" Greg said.

"My name is Luke Ross.", Luke said.

"And how do you know Jessie?", Greg asked with curiosity in his voice.

"She used to be my nanny." Luke said.

"Oh, how lovely. My name is Greg Taylor. My brother Jordan Taylor is more famous then I am.", Greg said.

"Oh, I didn't know you were related to Jordan Taylor," Jessie said.

"I get that a lot", Greg said and laughed.

1 week later

I woke up from a deep sleep but this time I hadn't remembered a single dream. I reached for my phone and saw I got a text from Jessie that said, "Emma, Zuri, Rachel and Stuart are planning a trip to Coney beach. Do you want to come? We're going this Saturday. I hope you can make it. I'm leaving Monday.", Jessie said.

I smiled and texted back, "Sure".

It made me think back to the time when Jessie first started being our Nanny and said we were going to eat breakfast as a family. I remember how I said a bunch of kids would ruin the mood but now I didn't care. At least, I got to spend time with Jessie.

## 5. Chapter 5

### Chapter 5

#### The Beach/Luke's Confession

Authors Note: I just watched the episode again last night we're Jessie was going to get married to Brooks and Luke said something like in less, I still have a chance and Jessie said no. Haha. Good times. Shipping Jessie and Luke so hard. I think I mentioned before that I like Jessie and Tony but there's just something about Jessie and Luke. Thank you for reading my story so far. I hope you like it. I'm probably not going to make this nearly as long as I have a Confession to Make...

Updated: Things are finally going to pick up fast with Jessie and Luke. Trust me.

Today was the day we were going to the beach. I suddenly remembered those old videos I had of Jessie running on the beach. Zuri said "It was nasty" and well, it was nasty so to speak as I masturbated over those videos countless times. I'm not proud of it. But hey, I had a crush on Jessie.

Now, I think it could be real love. Even though I often dreamt and thought about all the things I'd like to do to Jessie, just being with her made me happy and yet sad at the same time. I was so excited. I went down the stairs to Ravi's apartment and then knocked on the door.

"Hello Ravi", I said.

"Hello Luke", Ravi said.

I had a small backpack full of stuff while Ravi had a large beach bag.

"So what's been going on Luke?", Ravi asked.

"Same old same old. Going to work everyday." Luke said.

"What about Sophia?", Ravi asked.

"We broke up." Luke said.

"I know. I thought maybe you'd too get back together. You two seemed so perfect for each other". Ravi said.

The next stop was Emma.

When we arrived at the building of my old house, I saw Emma, Rachel and Jessie outside on the bench. Emma had a beach hat, sunglasses and a medium sized purse. Rachel had sunglasses and a small purse. They waved before we parked. She got in the car in the back with a smile on her face.

"Hey Ravi and Jessie", Emma said with a smile.

When we were all in the car:

"You guys are all so mature and grown up. It's hard not to think of you as my kids anymore." Jessie said.

Emma suddenly turned to Jessie and blurted out what we were all avoiding, "So why did you and Tony break up?"

Everybody rolled my eyes but I just continued to look at drive and look at the road. Jessie was speechless.

"Well... it just didn't work out. You know how I can never keep a man, Emma. Come on, I'm old." Jessie said jokingly.

"Oh Jessie...", Emma said.

"We're all mature here. I mean the youngest one here is freaking 17 years old... Even Luke is more mature now then he was." Emma said.

"Tony fell in love with someone else. And that's ok, because I wasn't really in love with him." Jessie said.

"How could you say that? I thought he was the man of your dreams." Zuri asked.

"You did talk about him a lot." Stuart said.

"Yeah", Everybody said in unison except for me.

I still stayed silent.

"It's true, I held a deep affection for him. But we're just friends now." Jessie said.

"There must be somebody else right?", Emma asked.

"Well... there is someone I wish I could be with. But I'm sure he doesn't think of me like that anymore. And I wouldn't expect him too. Me and Tony actually broke up 6 months ago. I just didn't tell you because I didn't want you to worry about me, Emma.", Jessie said.

"Is it Brooks?", Emma asked.

"No, it's not even Brooks. He's actually quiet a bit younger than me.", Jessie said with a laugh.

This certainly caught my attention. I wanted to take my eyes off the road but I didn't cause I didn't want to kill anybody.

"Well, hey, at least it's not like it's Luke or anything." Ravi said.

Jessie just blinked at Ravi. After a minute everybody said "Oh". Jessie didn't even say it was Luke but everybody was thinking it. I didn't know what to say but I also didn't want to wait till I was old and gray to tell Jessie I was in love with you. So with all my strength and trying not to worry about what Jessie would say, I said something I definitely didn't want to take back but it may not have been a good time to say it.

"I still like you Jessie".

Everybody was silent. And worse yet, we still had ten minutes of the drive to go and also had to stop for gas. What was an amazing moment suddenly turned awkward fast. After a few minutes Zuri and Stuart began talking about the last week at their high school. Rachel and Emma started talking about Instagram and gossip. Ravi got out a video game console.

I thought boy, how much more awkward could it be. Little did I know, it was about to get even more awkward. Jessie's phone made a buzzing sound and she looked at it.

"Hey guys, Brooks is staying near the beach and has invited us to stay with him." Jessie said with a smile.

Brooks? How could she bring up Brooks at a time like this. I certainly wasn't expecting this extra company.

"I still like Brooks. You should yes." Zuri said.

"Yes say Yes Jessie." Emma said.

Jessie then texted Brooks, "What's the address".

Brooks wrote back, "It's 4443 Sunshine Avenue."

"Oh my gosh, it's right on the beach." Emma said happily.

"Looks like you got some competition." Ravi said with a smile.

I guess we weren't going to avoid the subject forever. I just didn't think Ravi would be the first one to mention it.

"Shut up" I said.

Jessie texted Brooks the address. Did I have a reason to worry or be jealous. I didn't really know. This wasn't going to be like one of those movies where two guys fight over the girl. Hey, they did break up a long time ago but then again I've also never stop caring about Jessie.

When we arrived at Brooks place everybody was amazed. There was steps outside the front door going to the beach and the backyard was facing the street. We knocked on the door and quickly Brooks came out and greeted each of us.

"So would you like to see the place?", Brooks asked.

"We want the grand tour." Ravi said.

"You do have competition", Ravi whispered this time to me.

Brooks turned to Jessie and said, "I'm so glad we can still do fun things like this even though we're not a couple anymore."

"I do wish I could of brought Mr. Kipling though." Ravi said.

"It can't be helped. No animals are allowed on this beach. I guess it's a good thing that I don't have an animal then." Brooks said.

After the tour, which included looking at the huge indoor hot tub, we walked on the beach. Zuri and Stuart held hands. Ravi and Gloria held hands. Brooks walked by Jessie and I was on the other side. While Emma was in the back of me.

"How is everybody doing in school these days?" Brooks asked.

"I'm in high school and so is my boyfriend Stuart. It's been ok." Zuri said.

"I'm not in school but I was thinking about going back." Emma said.

"I graduated college two years ago." Ravi said.

"He works in a cubicle. It's decent pay." Zuri said.

"I take some online college classes still." Rachel said.

"Me too." Gloria said.

"Jessie, I still think about you.", Brooks said.

"And so does Luke." Ravi said.

"What is it with you today?", Luke said.

"I think about you too." Jessie said.

I rolled my eyes. I guess this was it. I guess I shouldn't be surprised. I had to be happy for Jessie again or at least pretend to be excited like when I found out Jessie said yes to marrying Brooks.

"So do you want to get back together now? I don't live in Africa anymore." Brooks said happily.

"Thank you but sometimes things are better left in the past and sometimes we just have to wait for the future." Jessie

said.

Jessie's words surprised me.

"What do you mean?" Brooks asked with a raised eyebrow.

"I mean I like someone else." Jessie said.

"Last one back to the house is a rotten egg." Jessie said as she ran up the steps.

"Hey!", Brooks and Emma yelled.

"I'm not playing." Zuri said.

"Neither am I babe." Stuart said.

When we got back to the house Brooks made dinner for us all and Jessie helped despite Brooks asking Jessie about a thousand times who it was she liked. After dinner, she sent me a text message.

"When everybody is in their rooms, come to the kitchen, I have to talk to you. Don't tell the others."

## 6. Chapter 6

### Chapter 6

Instead of sleeping, an updated chapter. Why not?

#### A New Relationship/My Dream Come True

I had just finished flushing and washing my hands in the bathroom before I read that text. It was shortly after dinner. The phone was near the sink. It was kind of weird of Jessie to send a text when we were in the same house but I figured it was her way of being sneaky about the subject.

After I read it, I was shocked but texted back, "OK."

About two hours later, everybody said goodnight and headed to their rooms. The house was so big, everybody had their own rooms even the couples slept in separate beds. But it's not like Ravi wasn't thinking about "it" with Gloria and I know they have done "it" before. When I got to my room, I closed the door and Jessie sent me another message.

"Wait an hour. Let's make sure everybody is asleep." Jessie said.

"OK", I texted back. It was the only thing I could of think of texting at this point.

So I read a comic book and then I brushed my teeth. I figured maybe this was some sort of romantic meeting but you never know. It was good to have nice breath. Old Luke would of disagreed but I was new and mature Luke. After the hour was up, I went down the stairs and into the kitchen. Jessie wasn't there yet.

Everybody was on the second floor so chances of getting caught now weren't as high. I scrolled through my Facebook newsfeed again. Then I looked up and saw Jessie walking down the stairs but I could hardly see her since the house was so dark. At least I hoped it was Jessie. I let out a sign of relief when she was inches away from the kitchen.

"Hi Luke", Jessie whispered as she approached me.

The whispering continued.

"Hi", I said.

Jessie now stood in front of me in the kitchen.

"I didn't expect this to happen in my ex-finance's house. In fact, I didn't expect this to happen at all.", Jessie said.

"What weren't you expecting?" I asked.

"Oh right.", Jessie said.

"Well, about what you said yesterday about how you still like me.", Jessie said.

"Yes.", I said with a smile.

"Well, I've been thinking a lot about you since I broke up with Tony." Jessie said.

I knew this was risky and a bold move but we were alone after all and she knew how I felt.

"Jessie do you like me?", I asked.

"Of course I like you Luke." Jessie said.

"But I mean, do you like me as more then just a kid you used to be a nanny to. You know the kind of like where you would want to date me?", Luke said.

"Luke, you're too young for me." Jessie said with a smile.

"Oh", I said disappointed. Even though inside I was a little angry because I wasn't a little kid anymore.

Jessie smiled even bigger now, "I'm just kidding."

"I would love to go out with you." Jessie said.

"Pinch me. I must be dreaming." I said.

"No, you're definitely not." Jessie said then she gave me a kiss on the cheek.

"Just like old times", Luke said.

"What do you mean?" Jessie asked.

"You've kissed me on the cheek before." Luke said.

"I figured it was the least I could do." Jessie said.

"I guess you got Luke fever now." I said with a chuckle.

"But why in the kitchen and why when everybody is asleep." I asked.

"I figured it would be more romantic if we were alone." Jessie said.

"It sure is." I said.

"So I guess we should go back to our rooms now." Jessie said.

"Would you slap me if I kissed you on the lips." I asked.

"Probably not but I think it should wait till tomorrow." Jessie said.

"What's tomorrow?" I asked.

"Our date silly." Jessie asked.

"Cool babe." I said.

"I've played the scene out so many times when you said you liked me but I can't believe it's happened." I said with a smile.

"Luke, you are very handsome. You know I couldn't of done anything before you were 18 even if I wanted to." Jessie said.

"I know. I always knew. I just liked flirting with you. I couldn't help myself, you were the most beautiful girl I ever saw and still are." I said.

Shortly after that, we went back to our rooms and said goodnight but then I heard a knock on the door. Could it be Jessie, I wondered. I opened up the door and saw Ravi and Gloria with a big smile on their faces.

"What are you two doing here", I asked.

"I heard you and Jessie say good night to each other." Ravi said.

"So?" I said.

"For the second time. So what's going on between you two?" Gloria said.

I wondered if I should tell them or I should hide it but I wasn't good at lying about Jessie. I figured what was the worse thing that could happen if they found out early.

"Jessie is my girlfriend now or at least I think she is. She said she would go out with me anyways." I said with a smile.

"No way and yet I believe it because she said you have to leave somethings in the past and wait for the future for others. She

obviously meant leaving Brooks in the past and you are the future." Gloria said.

"That's exactly what I was thinking." Ravi said.

Suddenly I heard another knock on the door.

"Come in", I said.

"I heard you and Jessie are dating." Emma said with a smile.

"Even if I can't have you, I'm happy Jessie get to have you." Emma said happily.

"Wait what?", Ravi and Gloria said as they turned to Emma with a shocked expression.

Then Zuri barged in.

"Sorry, I didn't knock but I heard you guys talking." Zuri said.

"How do you people all know Jessie and I are going to go out on a date." I asked.

"I was by the door because I was going to the bathroom." Zuri said.

"I was by the door because I was sneaking to Gloria's room." Ravi said.

"And I heard Jessie snoring and couldn't sleep. I was by the door because I was thinking of waking her up but then I just couldn't do it." Emma said.

"I guess the only people who don't know are Brooks are Rachel now." Ravi said.

"No, Rachel knows, I just texted her." Emma said.

"We're in the same house." Ravi said.

"I know but her room is farther away and who cares." Emma said.

The next day everybody awoke to find Jessie making pancakes. Everybody smiled at Jessie except for Brooks who was eating a bowl of cereal and couldn't wait.

"What's with you you guys?" Jessie asked.

"We know you're going on a date with Luke." Emma said.

"Wait, what!", Jessie said.

"Wait, what!" Brooks said as he almost choked on his cereal. Brooks saved himself by coughing hard.

"Luke, I told you that in secret." Jessie said.

"I know but they were going to find out eventually anyways. It's not

like it's a forbidden love or a secret right?" I said.

"Wait a minute, you chose this guy over me." Brooks said.

Everybody turned to Brooks.

"Get out! Everybody get out!", Brooks yelled.

"But..." Jessie said.

"Just get out! I don't even care if the freaking dude is 22. Just get out." Brooks said.

## 7. Chapter 7

### Chapter 7

Authors Note: On to the story, Jessie and Luke are going out now and things are about to heat up... If you're wondering why Ravi's girlfriend was Sherry and then he was suddenly described as dating Gloria, that was actually not intentional.

We were thrown out of the house by Brooks. How rude.

"Let's go to the beach one last time", Emma said.

"We can go to one of the bathrooms to change into our swimsuits", Jessie said.

Everybody avoided the subject the first time since they thought I was really weird about girls in swimsuits of course I did use to masturbate over Jessie running on the beach in a swimsuit and the weather was shitty but now the weather wasn't shitty anymore like yesterday, which meant it was nice and warm and not cold and windy.

"Yeah that would be great", Jessie said.

I would be lying if I said I wasn't excited about seeing Jessie in a swimsuit. I was surprised to see when she stepped out after changing that it was a modest one piece suit. A part of me was disappointed but I was also happy just to be maybe Jessie's boyfriend. After we swam for about thirty minutes, Emma announced she was going to get some sun.

"Let's all give Jessie and Luke some alone time", Emma said.

"That's not necessary", Rachel said pouting.

"Rachel, we can gossip about Luke and Jessie later." Emma said.

"Emma...", Jessie and Luke said.

"Sorry guys but we all know you're dating now. I would hope you would do the same thing for me. The giving alone time thing I mean." Emma said.

"I don't know Emma", Jessie said.

"Just go. This can be your first date." Emma said.

"Why not." Jessie said.

Jessie splashed me.

"Hey", I said then I splashed her back.

"Sorry Luke but that's the only way you're going to get me wet right now.", Jessie said with a smile.

"Haha", I said.

It was a bit shocking she had said that but I knew it was true at least.

After awhile, she suggested we walk on the beach to dry off. Everybody had applied sunscreen every hour like a nerd because Jessie was still Jessie but they all knew she was only looking out for them.

When we got to the other side:

"Why don't we sit by that rock over there?" Jessie said.

"OK." I said

"I'll put my beach towel down", Jessie said.

"Alright." I said.

When Jessie put the towel down, we sat. I looked into Jessie's eyes and went in for a kiss. Oh my gosh, I'm kissing Jessie and she's kissing me back. It was amazing. It was like time had stopped. When we pulled away, I was still mesmerized by her beauty.

"Wow." I said with a smile.

"Wow yourself." Jessie said with a smile.

"Pinch me, I must be dreaming." I said.

"Why don't I just kiss you again?" Jessie asked.

"Sounds good to me." I said.

This was paradise. I knew this was real but at the same time I just couldn't believe it was finally happening.

When we got back to New York after I dropped Jessie off:

"When can I see you again? I'm free tomorrow." I said.

"Oh Luke." Jessie said with a smile.

"I'm free tomorrow too." Jessie said.

"That's great babe, I'll pick you up after work. We can go to the movies." I said.

"It's a date." Jessie said as she blew me a kiss.

"Loving that word." I said as she blew me a kiss.

"Just kiss on the lips alright." Emma yelled from outside the window.

We looked over to see her looking out the window and listening.

"I thought you went inside the penthouse Emma." Jessie said.

"You really think I would miss this." Emma said.

"No, I guess not." Jessie said.

So the next day, I picked her up for the movies and we went to that new dinosaur movie (Dinosaurs #2: Revenge of the Dinosaurs).

In two days, she was to go ack to Hollywood but... she called me the day after our date (It was about 7:00pm)

"Hello Luke", Jessie said.

"Hello Jessie." I said.

"As you know, I'm going back to Hollywood tomorrow." Jessie said.

"Man, I'm going to miss you so much", I said.

"Why don't you come with me?" Jessie said.

I was happy that Jessie said that but then reality hit me and I said, "Yeah, but I have a job here and am not sure I'm going to get a job there that easily."

"Zuri says you hardly take any days off." Jessie said.

"That's true." I said with a smile.

"Great." Jessie said.

Emma texted me hours after the call saying how excited she was me and Jessie were going out. She also said that she ran into Xander (that guy from that camp she went to when I was stuck in summer school) at the supermarket. Hmm, I reconnected with Jessie that way.

When we arrived in Hollywood:

"I guess I should get a hotel somewhere." I said.

"Don't be silly. We've been dating for a week." Jessie said.

"Pardon." I said.

"Let's sleep together." Luke said.

It felt funny to hear Jessie said that but I figured she wanted to at

least sleep with me but not actually fuck me.

"And I do mean sleeping as in catching z's and sleeping as in sex." Jessie said.

Man, that cheesy line definitely took me by surprise.

"I must be dreaming, someone pinch me." I said.

"Luke you already said multiple times and you're still not dreaming." Jessie said with a smile.

"OK babe, if you're sure, let's go", I said.

"I'm sure." Jessie said with a smile.

My phone vibrated again and this time it was in my hands.

It was a text that read, "I ran into Tiffany at the supermarket today. That girl from summer camp."

What was with people meeting in super markets.

"What was that about?", Jessie said.

"Ravi met Tiffany in the supermarket." I said.

"Which Tiffany." Jessie asked.

"The one from camp.", I said.

## 8. Chapter 8

### Chapter 8

Authors Note: It's the moment you've all been waiting for. Jessie and Luke are going to have sex.

I wondered if we were going to get more interruptions. Jessie and I held hands until we got to the elevator. Once in the elevator, it was just us and Jessie hit the 10th floor button. Jessie grabbed me and we began kissing. She slipped her tongue in my mouth and I reciprocated. As the elevator beeped, Jessie and I came up for air and the elevator doors opened.

"Come back here" an older women of maybe 40 yelled running after two kids running down the hall.

"I guess it's safe to continue walking", I said.

"Yes, it reminds me of when you and Emma used to run down the hall." Jessie said with a smile.

I smiled back at Jessie. Jessie and I went to the room and turned on the lights.

"I kinda expected this moment to be super romantic with candles and roses." I said.

"This is the first time, not our anniversary, Luke", Jessie said.

"True, but you know how flirty and romantic I am... I guess." I said.

"Come here." Jessie said while twirling her hair and in a flirty manner.

We started kissing again. Again, we kissed then she sucked on my tongue and then our tongues were wrestling for dominance. We kissed for a good five minutes and then I figured it was time for me to make the next move.

"You sure you want to do this?" I said.

"I'm sure." Jessie said.

I was even more delighted now to hear that. I took off Jessie's shirt and it revealed her black lacy bra. She guided my hands underneath her bra and I placed my hand on the first one and then the second. This was awesome. It was with Jessie and the lights were on. I closed my eyes and began to feel around and continued to kiss her for awhile longer.

"Do you like what you see?" Jessie said.

"Of course, you are so beautiful." I said.

"Thank you." She simply said.

I really didn't care if she said I was handsome in this moment of time. In fact, the thought hadn't even crossed my mind until the next day.

"Now let's get that underwear off", Jessie said so I quickly complied.

"Nice underwear." Jessie said.

"Wait till you see what's underneath them." I said.

Jessie quickly pulled them down.

"Nice package.", Jessie said.

"Thanks for unwrapping." I said.

Jessie laughed and said, "I like our cheesy back and forth".

Jessie kissed me some again and looked down on my penis. I saw some movie the other day that said hot girls don't give blowjobs but there she was getting on her knees and starting to suck my dick. She first started at the tip and then worked her way up. The felt of Jessie on my dick felt strange but awesome. She sucked it for a good minute.

"Oh I'm going to cum." I said.

Jessie smiled with her mouth still on my dick and I cummed right into

her mouth. She quickly swallowed. She got up and smiled. I didn't know what the protocol was for tasting your own jizz but I didn't care as she enveloped me into another kiss.

She began to take off her underwear but then I suddenly remembered...

"Wait, I don't have any protection." I said.

"Don't worry, I have some in my purse." Jessie said.

I was suddenly relieved. Then I experienced a wave of temporary disappointment knowing that Jessie was a sex expert and that she was with at least two different guys sexually. Who knows, possibly more? And yet here I was a pathetic virgin of 22.

"You ok, Luke?" Jessie said.

"Yeah." I said as I looked back up again from the ground.

"Well, I'm a virgin." I said.

"A 22 year old virgin?! But wait what about those ex-girlfriends of yours that Emma told me about." Jessie said.

"I never got that far but I only got to second base with the last one." I said.

"Well, let's quickly change that virgin status." Jessie said with a smile.

Jessie walked to her purse and then got the condom out.

"Time to move to the bedroom.", Jessie said as she grabbed my hand and led me into my room.

I threw Jessie on the bed and kissed her for a good five minutes then I grabbed the condom that she had placed near by us on the bed.

"I'll take my underwear off while you put it on", Jessie said.

As I put the condom on, I saw the promised land. After I put it on, I entered her and she was surprisingly tight.

"We should go slow the first time." Jessie said.

"OK babe." I said.

In no time at all, she started to moan my name.

It took me about 2 minutes until I cummed inside her.

"You were amazing babe." Jessie said as she got up and slipped on her underwear again.

"I'm just putting on my underwear so we don't make any accidental contact in our sleep." Jessie said.

"Good idea babe." I said.

"I like kids but I wanna try to wait till after the wedding to have children", Jessie said.

"Ah Jessie." I said with a smile.

"I'm not saying we're gonna get married. We've only been dating a week...", Jessie said.

"But you never know." I said.

I woke up the next morning and Jessie was still by my side peacefully sleeping. She was so beautiful. After I got my clothes on, I guessed it was time to make some breakfast but I wondered what Jessie wanted to eat. Minutes later, Jessie appeared with a robe and messy hair and smiled. She was still as beautiful as ever.

"Good morning Luke", Jessie said.

"Good morning sweetheart", I said.

After we were done eating, she gave me a sly smile.

"You ready for round two, Luke?", Jessie said.

"Absolutely." I said.

"First one to the bedroom is a rotten egg." Jessie said as she attempted to race to the bedroom but I hugged her from behind and said, "Hey, that's not fair".

"Ok, but I'm taking my own clothes off this time." Jessie said.

"Deal." I said.

"And you do the same honey." Jessie said.

"Absolutely, my red haired goddess." I said.

After we got the condom part out of the way again I entered her and she moaned, "Oh Luke."

A couple of seconds later she said, "Fuck me harder, Luke."

So I compiled and pumped hard and fast inside of her.

"Oh Jessie." I said.

"Oh Luke." Jessie said.

"Oh you like that, huh?", I said.

"Yes, yes, I love it." Jessie said.

About ten minutes later, I cummed inside of her and she orgasmed.

Jessie and I were out of breath.

"You really do know how to please a women." Jessie said.

"Thank you babe. You aren't bad at all yourself." I said.

"It's time to go visit the studio." Jessie said.

"Oh, I don't actually want to leave." I said.

"Where are you going?", I asked.

"To go take a shower." Jessie said.

"Hey, that would of been a great idea for round 2. Maybe round 3?", I smiled.

Jessie laughs, "We're in a hurry now babe."

I pouted but then smiled and said, "OK"

"Don't worry I got a lot of fun stuff in store for us tonight." Jessie said.

## 9. Chapter 9

Currently reworking chapter 9.

Am I going to break some sort of record here? Longest fic about an unpopular couple on (I've pretty much read every Luke and Jessie fic here twice). Possibly about Luke and Jessie at least. Why do I do it? I write mostly for myself but it helps when you have a lot of interesting dreams. This week's sleeping pattern has been a bit strange though.

If you made it this far, then you like Luke and Jessie too.

lol, you're reviews are funny guys. There will be no threesomes that's one point where I draw the line but I will take the other ones in consideration.

End  
file.
